

Hello Charger Families!

The neighbourhood is so beautiful with all of the colours of fall. It is so nice to spend the time outdoors appreciating it all. Reminder to all families that students need to dress for the weather and be prepared for the changing temperatures as classes are going outside whenever possible.

October 30th: Due to all of the changes we have had to put in place for COVID 19, we will be changing up the celebration of Halloween as well...just for this year. In order to reduce the close contact and germ spread that may occur with wearing a costume, we are going to have a special Orange and Black Day with no costumes. Students are welcome to wear a fun themed mask. Save your costume for Saturday and Halloween night. I can't wait to see all the creativity with scary and silly masks!

Class Photos:

We were so lucky to find a really beautiful day to get outside and take the group photos. Photos will be shared with classes through SchoolMessenger when they are finished...look for the email and this special memory. A special thank you Mrs. Carmichael for making it all happen.

Attention all Chargers! Spirit Wear is available for purchase at <https://www.sourceteamworks.com/collections/jack-chambers-ps> The spirit wear has our new logo and colours...and lots of different styles. Perfect for gifts and sweater weather that is coming up! Deadline to order is Nov 15th. All ordering and payment is through the online link.

School Council Meeting:

Mark your calendar! Next virtual meeting is October 28 @ 6:30 through the link [Join Microsoft Teams Meeting](#) Check out the school website for the agenda and past minutes.

Building Safety: Reminder that all of the doors of school building are locked during the instructional day. If you are bringing your child late to school or dropping off an item, come to the front school door-ringing the bell or call the main school phone number. Visitors cannot enter the building and must remain outside while waiting. This will also mean that Remembrance Day service will not be a group gathering or open to the public this year.

Thank you for helping us to follow the Health Unit protocols and keep the number of contacts that we have to a minimum.

Be Safe and wash your hands!

Have a great week Chargers,

S. Young - Principal  
S. Ratter - Vice-Principal  
L. Carmichael – Admin. Secretary  
J. Martin – Office Assistant  
W.Huang – Office Assistant
